LEARN PLAY GROW
PRESCHOOL (AGES 2.5 – 5)
WEST SUBURBAN YMCA

PRESCHOOL REGISTRATION INFORMATION
At YMCA Preschool, early education, confidence building, character development, guidance, and encouragement help preschoolers develop and establish the positive building blocks for lifelong learning. Our caring and supportive teachers create a safe and engaging environment promoting a positive first academic experience for preschoolers. Children are encouraged to explore new and exciting concepts through unique themes, educational activities, and creative projects.

Our program is play themed-based learning and follows The Creative Curriculum® and Wisconsin Model Early Learning Standards. Using exploration and discovery as a way of learning, children develop confidence, creativity, and lifelong critical thinking skills.

Preschool at the West Suburban YMCA is open to students ages 2.5 & up. Please register at the West Suburban YMCA.
