DAILY SCHEDULE

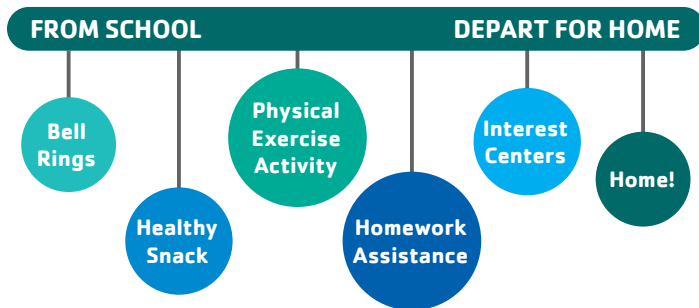

CHOICE-BASED PROGRAMMING

In addition to excellent curriculum, we will implement choice-based programming. While homework, physical activity and interest centers are all incorporated into the daily schedule, it will be up to the children to decide, as a group, the order in which to complete them. As a result of a schedule with moveable parts, students have ownership in and responsibility for their own learning, and this is what helps keep them motivated and engaged. Program transitions will be staff and student led to minimize stagnant time. Outdoor space will be utilized when weather permits. Please dress your child for the weather.

Impaired Pick Up

In the event that the authorized pick up appears to be impaired, Y staff will ask the adult to make an alternative arrangement. If the adult is unwilling to do so, the matter will be referred to local authorities. The Y recognizes that this is a stringent policy, but we are morally and legally responsible if we release a child to an impaired adult.

ATTENDANCE CONTINUED

ABSENCE POLICY

Please notify us if your child will not be attending on a normally scheduled date. Please be sure to state your full name, your child's full name and their school on the message. Credits/refunds will not be given for an absence.

Y BASE

- For evening programming, each school's administration will share with Y programming the list of absent students. Both the school and Y programming will make every effort to know the whereabouts of children enrolled in that day's programming.

Y TIME

- Please call the Waukesha YMCA no later than 2:00PM on the day your child will be absent. The schools do not communicate with the driver if a child is absent or went home early.

SUBMITTING SCHEDULE CHANGES

SCHOOL'S OUT FUN DAYS AT THE Y

We offer School's Out Fun Days on most of the days that your child's school is closed. Parents will be notified of these programs in advance and allowed to enroll for an additional fee. This program is separate from our regular before and after school program. Children must bring a healthy bag lunch and a backpack along with a change of clothes, water bottle, swim suit, towel and appropriate outdoor attire. The Y will provide 2 healthy snacks. If your school district has an Early Closure or after school activities are canceled, we will operate an After School (PM) program at the discretion of the YMCA and school district. We ask that parents pick up their children as soon as possible due to deteriorating weather.

PROGRAM WITHDRAWAL

 - Failure to provide program with necessary medications as stipulated by state licensing and this handbook
 - Hostility by parents towards Y staff/volunteers
 - Chronic, disruptive behavior by the child (Please see Child Guidance section).

ILLNESS ONSET DURING PROGRAMMING

If your child becomes ill while in the program, the child will be kept isolated, within sight and sound of an adult, and we will notify you and/or the emergency contact. Because we are not licensed to provide sick care, a parent or authorized pick up must pick up the child within one hour of being contacted.

To ensure proper staff/child ratio, ill children may not stay inside during outdoor play time.

If your child leaves school early and they are enrolled in our after school programming, please follow our absent child policy.

TOILETING

Children enrolled in our program must be potty-trained. All children will be required to maintain all toilet cleanliness themselves.

HEALTHY EATING

HEPA

Children will engage in a minimum of 30 minutes of moderate to vigorous physical activity, screen time will be limited only to homework use and our snack and beverage choices will support the state guidelines and HEPA initiatives.

CLEANLINESS

- Children and Y staff will wash their hands with soap and running water before and after eating or preparing food and after toileting.
- Cups and eating utensils will not be shared and will be sanitized.
- Eating surfaces will be sanitized before and after each use.

SNACKS

- Water is always available; to ensure your child stays well hydrated please provide a water bottle they can fill (labeled with their name).

- Snack will be offered to all children in programs for two and a half or more hours. No child will go without nourishment for longer than 3 hours.
- Foods will be stored at temperatures which protect against spoilage. Food will be stored in a clean area on shelves that are at least 8 inches above the ground. All opened foods will be kept in air-tight containers or zip-closure bags and will be labeled and dated.

NUTRITION & FOOD ALLERGIES

The YMCA will adhere to all nutrition requirements for snacks/supplements outlined in DCF 251.

All staff having direct contact with children will be informed of food and other allergies of the children. Allergies must be communicated on the child's enrollment form and updated at least annually. We are not able to accommodate special diets. Snacks are labeled with ingredients to ensure safety for our participants with food allergies.

Snacks may include whole grain crackers, fresh fruit and vegetables, string cheese, whole grain cereal or popcorn and a beverage of 1% milk or water. The schedule will be posted.

Children are encouraged to assist in snack preparations, clean up and to engage in organic socialization. Staff will sit with the children during snack to model behavior. Food will not be used as a reward or punishment.

We will follow a similar routine each snack time to create a familiar environment for all students. This may look like: handwashing, preparing food, passing food – family style, clean up and handwashing.

SAFETY

CHILD TRACKING

Y Staff are responsible for monitoring and engaging students enrolled in the before and after school program. Y Staff will know the whereabouts of children they are responsible for at all times. Each site will have a child tracking procedure in place that will let staff know which children are in the program that day. Y Staff will possess all pertinent information to the child's safety including name and phone number.

If the event that an additional adult is needed, each site will reach out to a School District or YMCA staff member to act as support staff. This staff should be able to respond within 5 minutes of being called.

UNIVERSAL PRECAUTIONS

- Y staff will use posted emergency procedure plans. These plans address overall precautions when exposed to blood and blood-containing body fluids, as well as procedures for wearing gloves, hand washing and dealing with body secretion.
- Everyone exposed to blood or body fluids containing blood will wash their hands immediately with soap and warm running water.
- Disposable gloves will be worn if there is contact with blood or body fluids or tissue containing blood. Gloves will be disposed of after one use into plastic bags and hands will be washed with soap and warm running water after removal of gloves.

SAFETY CONTINUED

SANITATION

All cleaning chemicals and supplies will be kept out of the reach of children in a locked area. Bathroom areas and common school areas will be kept in good, clean condition in conjunction with the School District. Y furnishings, toys, etc. will be washed and cleaned at least weekly or whenever they become soiled.

EMERGENCY MEDICAL TREATMENT

The YMCA has complete first aid kits in each program area. All staff at licensed locations are trained in CPR, AED and First Aid procedures. A daily record of all injuries will be kept in the Medical/Injury Log Book, which is located at each Y BASE site. Accident reports will be filled out, and reviewed by the program director, and a copy will be placed in the child's file. The child's file will be reviewed by the program director every 6 months, at minimum. Any injury to a child or evidence of unusual bruises, contusions, lacerations or burns, in or out of our care, shall be recorded in the Medical/Injury Log Book and reported immediately to the program director; this includes serious injuries as well as any injury that leaves a mark on the skin. The following procedures will be utilized for onsite and any offsite injuries.

Minor Injury

If your child suffers a minor injury, such as a scratch, bump or bite, our first step is to administer first aid if necessary. Superficial wounds shall be cleaned with soap and water only and protected with adhesive bandages and ice packs for comfort. Parents will be informed of injury when they arrive.

Serious Injury

Serious injury is defined as one that requires professional medical treatment such as, but not limited to, burns, concussions, wounds, poison and broken bones. In case of serious injury, the staff person in charge shall make an immediate assessment of the condition of the child and the decision for treatment. If paramedics are to be called, a parent/guardian will be notified and a staff member will ride in the ambulance to the hospital and stay with the injured child until the parent/guardian arrives.

If a child needs immediate professional medical assistance, we will transport the child to the nearest hospital. Any injuries resulting in hospital care will be reported to our state licenser.

Accident/Incident Form

Any time your child is involved in an incident or accident while at the YMCA, our staff will inform you at the close of the day. If staff will not see you, they will complete a form to give to you.

MEDICATION ADMINISTRATION

Y staff will give prescription or non-prescription medications to a child only when there is signed written authorization that includes:

- Child's name and birth date
- Name of medication
- Administration instructions
- Medication intervals
- Dates for beginning and end of authorization

All medication must be in the original container. Staff may only administer medication as directed by the parent, not to exceed labeled information. Authorization to Administer Medication forms can be picked up at your site or on our website at www.gwcymca.org.

Upon administering medication, staff will record in the medication log the child's name, type of medication given, dosage, time, date and initial.

Missed medicine dosages or other problems related to medication will be communicated to the parents immediately. Medication is kept in a labeled lock box onsite. **No medication will be kept in the lock box without current medication authorization.** All medication information will be kept confidential.

Y staff DO NOT have access to medications kept in the school office.

COMMUNICABLE DISEASES

In the event a communicable disease breaks out, we will post notifications providing the necessary information for the situation. All necessary communicable diseases will be reported to the Health Department and state licensing officials.

PETS ON SITE

The Y will not keep any pets on site. If pets are present, they will be treated and kept in a manner that protects the well-being of the child and animal. Any animal that poses a risk to children shall be restricted from areas occupied by children. Parents will be notified in writing if pets are in the classroom that their children are in. Parents will be surveyed before a pet is included for children's allergies.

LICENSING REPORTS

The Y will comply with and submit all required reports listed in state licensing code DCF 251.04(3). Reports will be filed in writing within 5 business days.

CHILD GUIDANCE

The goal of the YMCA is to guide children in becoming cooperative, happy and responsible participants through positive, non-threatening teaching techniques.

CHILD GUIDANCE FACILITATORS

Modeling by Y Staff

Demonstrate calm demeanor, politeness and gentleness through actions and tone of voice.

Classroom Environment

Provide optimal space for children to become involved in both group and solitary play. Rooms will be arranged into specific areas, each with set limits and will be visually accessible to Y staff.

Planned Activities

Provide optimal amount of activities to keep each child involved at their developmental level. Schedules will be followed to provide consistency and to help children thrive and trust their leaders.

Ongoing Scheduled Evaluations

Examine daily routine and evaluate transitional activities with to better accommodate all children.

Redirection Rather Than Time Outs

Be informed of family situations and conscious of classroom climate. Give choices and encourage communication and negotiation skills between children. Time outs will not be used.

Setting Clear Limits

Discussion with children on what is expected and what is considered appropriate behavior. Safety and respect for others are the main concern.

Development of Children's Self-Image

In order to make guidance a learning experience and enhance the child's self-esteem, the Y Staff will:

- Utilize positive guidance to appropriately manage children who are crying, fussing or distraught.
- Allow children to express their feelings by providing acceptable avenues: physical activities, discussion, group activities and communication.
- Allow children to express their feelings by learning words to identify feelings, increasing their vocabulary and showing that all people have emotions and must use self-control.

BEHAVIOR MODIFICATION PROGRAM

Among other behavioral issues, this program may be used to control unwanted behaviors such as biting.

First Violation: A Y staff member will address and document the issue directly with the child. The child may be removed from part of a whole activity in order to discuss the incident. Parents will be contacted during the day or at pick up depending on the incident.

Second Violation: A Y staff member will address and document the issue directly with the child. The parent or guardian will receive a phone call and be asked to pick up their child within the hour. The child will not be allowed to attend Y programming the next day that they are registered.

Third Violation: A staff member will address and document the issue directly with the child. Parents will be contacted immediately to pick up their child from programming. A conference will be scheduled with the program director and the parent(s) to discuss a plan of action regarding the poor behavior. The child will be suspended from programming for 5 days of the program. A behavior plan will be made with the family before the child can return to the program.

Fourth Violation: Child will be dismissed from the program for the remainder of the school year.

During this entire process our staff will work with families through:

- Observation and documentation of behavioral problems.
- Parent/staff/School District conferences to identify possible solutions.
- Referrals to outside resources such as doctors or counselors.
- Withdrawal from the program (see discharge policy).

The Y may start a child at any level of the Behavior Modification Plan, depending on the severity of the behavior.

AMERICANS WITH DISABILITIES ACT

The Y complies with all aspects of the Americans with Disabilities Act and state handicap laws, and will, afford any reasonable accommodations to children with known disabilities, unless such accommodations would cause an undue hardship to the Y. Staff will meet individually with parents to develop a program that works for the child and the program. If we cannot meet a child's special need, the program director will help families find another source.

CHILD GUIDANCE CONTINUED

- Y staff will not release a child to anyone other than those listed on the registration form or the alternative arrival/release form.
- Children will never be alone without staff supervision, observation and interaction.
